The Commercial Room In Alexandria Competition(Dr.slah zaky)

I had participated in all the competitions which done in the office during my duty in all competitions was.. prepared the drawings with my colleagues also prepare the technical reports till handover the competitions.

In addition, I had participated in several residential projects as a designer from the concept design till hand over.

Also I had participated in; “Consolidation Of Historical Houses in Old Cairo”

General consultant: - United Consultant **Dr.Salah Zaky said**

UNESCO projects. Conduct research and training concerning the restoration of houses in Old Cairo. This project was recommended to UNESCO by the UIA. It involved the examination of 20 old, non – registered houses, in the area of Darb el – Ahmar in Cairo.

Each house was documented and set a budget for its restoration. Also, the project included the training of graduate students in documentation methods, restoration techniques and writing specification for restoration.

“Three Houses of Old Cairo”

USAID project responsible for the rehabilitation of 19th century houses in el Darb el-Ahmar, Old Cairo. The project succeeded in the rehabilitation of the decayed houses and promoting collaboration between the renovators and homeowners. This collaboration (including financial contribution) was key to the success of the project that sought to improve the appearance and ambience of the streetscape in historic Cairo as well as the building environment for Islamic monuments in Cairo.

The project was successful, particularly as it encouraged resident’s participation in rehabilitation, currently to be applied on a wider scale in Old Cairo.

April 2009 - july 2010

Head of design department and working drawing at spine office. was responsible about large scale project at Saudi kingdom .

May 95 – Oct. 95 Architect, Engineering Consult office, Dr. Salah Shehata
