

CURRICULUM VITAE

Dr. Mohamed Eid

*Ph.D. Sustainable Development & Project Management Expert
Governance and Institutional Development Consultant*

m.e.m.eid@link.net

PROFILE & CAREER OBJECTIVES

I am a Canadian permanent resident since July 2010; I am looking for challenging career opportunities in Canada in multinational or local organizations which utilize my skills, expertise and experience in the field of sustainable development. I am an Assistant Professor at the British University in Egypt and the former Faculty Coordinator for Learning & Teaching for the Faculty of Business, Economics and Political Science. In my academic history; I have significant work and managerial experience in the British Education system and the Quality Assurance Agency Standards for Higher Education. In my field work, I have experience as a consultant for development projects in the field of sustainable development; governance, public participation in decision making, urban planning, project management, institutional reform & development and public policies.

This interdisciplinary work experience is underpinned by an awarded PhD degree from the University of Edinburgh in Scotland; integrating the fields of sustainable development, project management, and systems thinking theories. The PhD research focused mainly on the general guidelines of sustainable development with analysis of the triple bottom of environmental, social and economic levels on the decision and policy making level of projects.

My aim is to contribute significantly to an academic institution seeking continuous development and improvement in implementing quality education standards and benefiting from my commitment to sustainability issues and ethical behaviour to improve the quality of life for surrounding communities and society in general.

EDUCATION

October 1999 – May 2004 University of Edinburgh (Scotland – UK)

CAREER HISTORY

April 11 – July 12

Assistant Professor at the Business Department (BUE)

Modules taught: Introduction to Management & Business Ethics & Corporate Social Responsibility, in addition to the supervision of honours students in their graduation dissertations.

I have stepped down from my managerial position to focus on my research career while maintaining my teaching modules. I have already published 2 research papers in international conferences in July 2011, and November 2011. Currently working on an international journal publication, a book chapter and Editor/Reviewer for an international book on project management and sustainability.

February 10 – April 11

The British University in Egypt (BUE) – Faculty of Business, Economics and Political Science.

Assistant Professor & Faculty Coordinator for Learning & Teaching. Leading the Revalidation Process for the Faculty with Loughborough University (UK), responsible for the three departments (total number of Faculty staff around 70). The outcome of the revalidation process was announced (July 2011) and the Faculty has successfully renewed its validation agreement with Loughborough University.

Modules taught include: All modules' evaluation were given a high score by students averaging 4 out of 5 and awarded 4 certificates for Excellence in Teaching by the Dean.

- 1- Business Ethics & Corporate Social Responsibility
- 2- Sustainable Development
- 3- Organisation Development
- 4- Public Policy and Administration
- 5- Introduction to Management
- 6- Operations Management
- 7- Introduction to Business

Responsibilities as Faculty Coordinator included: (Leader of the Revalidation)

- 1- Overseeing and controlling the main cross functional themes of Faculty Research, Faculty Enterprise, and Faculty Human Resources.
- 2- Overseeing, coordinating and managing the work of the following tasks across the three departments of Business, Economics and Political science; Teaching & Learning, e-learning, Library, Quality Assurance, Examinations and overall of Preparatory year.
- 3- Delivered several Staff Development workshops and training to Faculty staff (Module Leaders, Teaching Assistants and Administrative staff) on British Ethos of Higher Education, British Standards of Teaching & Learning, Time and Resource Management, Personal Tutor systems for Students and newly appointed faculty, communication and presentations skills.
- 4- Managing the deliverables for the revalidation submission in terms of quality standards and getting documents on time and fulfilling the revalidation requirements.

September 09- October 09

Editing & Publishing PhD Thesis in a Book

"Sustainable Development & Project Management; Rethinking Relationships in the Construction Industry, Integrating SD into PM Processes" ISBN 978-3-8383-1578-2 Lambert Academic Publishing

January 09 – August 09

The British University in Egypt (BUE) – Faculty of Business, Economics and Political Science.

Assistant Professor at the Department of Business Administration

Focusing on my own research next to my lecturing schedule. Research focuses on practice of sustainable development & governance. It also embraces the potential contributions of SMEs in Social Corporate Responsibility and the impact on Public Policy and Public Participation in decision making. In terms of teaching I was responsible for the delivery of the above mentioned modules.

September 06 – January 09	The British University in Egypt (BUE) – Faculty of Business, Economics and Political Science.
	Lecturer, Joint Head of Business Department & Faculty Coordinator of Learning & Teaching.
	<p>Lecturer at the Department of Business Administration. Responsible for delivering academic teaching to undergraduate students as well as the administration work as Program Coordinator for the largest department at BUE in terms of student numbers as well as teaching staff.</p>
	<ul style="list-style-type: none"> ▪ Undergraduate Courses as mentioned earlier. All courses have the highest evaluation from students averaging 4 out of 5 marks. Awarded 4 certificates for Excellence in Teaching by the Dean. ▪ As Program Coordinator/ Joint Head of Department, I was responsible for running the department in terms of recruiting administrative staff and academic faculty (lecturers, professors and teaching assistants) conducting interviews and screening application forms. I contributed with a leading role to the attainment of Academic and Institutional Validation from Loughborough University in the UK in 2007. Also responsible for the well being of over 550 undergraduate students across the different academic years in the department. ▪ As Faculty Coordinator of Learning & Teaching, I was responsible for setting the Faculty strategy of Learning & Teaching across the three departments and working with the L&T team members to ensure a proper implementation across disciplines.
